Dear Jim;

I just paid my July electric bill of \$201 and thought it would be appropriate to write and thank you for inducing me to install your insulation in our home at 10 12th Street on Tybee. Combined with the new windows and the energy efficient HVAC systems I installed, we were successful in reducing our power bill by 50%.

Additionally, your system has made my home quieter and tighter. There is almost no street noise and you know my street is busy during the summer.

Also, our HVAC folks were there in the attic on Saturday dealing with a filter change, and took notice of how much cooler our attic was than the one he had just left. We find this to be helpful as we are storing things there that would not be wise to store in 140 degree temps.

Jim, thanks again for the persistence, the good product and timely service.

Best regards,

E. Craig Meyer
